

# PARKING LOT PROJECT Update

Summer Phase: Wed. 6/13 - Fri. 6/22

**Good News!** Our long-awaited Parking Lot Project (Summer Phase) has begun! It primarily involves a much-needed resurfacing of all our parking areas (except our track which was resurfaced recently). In order to obtain the permits, we must also do various code requirements relating to project approval. I am pleased we will have increased accessibility as a result. Thanks for your ongoing financial support to the parish through Sacrificial Giving and the monthly Parish Repair Fund envelope, as this project will cost about \$350,000. We will not be doing any separate fundraising for the parking lot project. Instead, we will try our very best to meet the requirements of our current \$375,000 Challenge Grant (relates to the regular Sunday offertory during calendar year 2018).

## Sunday Masses are NOT impacted by the Parking Lot Project!

Our month long Parking Lot Project-Summer Phase will NOT affect our Sunday Masses (held at the same time and place). The contractors have promised to work diligently during the week, which will allow us to worship without distraction on Saturdays and Sundays.

### OTHER MEETINGS / EVENTS

**Please consider rescheduling for a later date.** If your group is still planning to meet during the evening and you will need keys to access the room, please have someone in your ministry stop by the Parish Office before 4:30pm on the day of the meeting to retrieve the key. Your ministry will be responsible for shutting off all lights, cleaning up the space, locking all rooms and returning the key to the parish office drop box before leaving campus that evening.

*During this time, some entrances/exits may be closed off. When available, the track will be open for parking, though space is limited. During the resurfacing, the parking lot surface may be uneven or non-conductive for driving. You may be asked to move your vehicle when on campus. The repaving schedule may be adjusted/extended due to rain or inclement weather. Please check out the parish website for updates: [StMaryMagdalen.org](http://StMaryMagdalen.org)*

St. Vincent Ferrer, Patron Saint of builders & facility workers, will be our spiritual guide during this process. Please ask for his intercession: that all will be kept safe, the project will be successful and all who are impacted will be gifted with patience.
